PEACE-OF-MIND GUARANTEE™

UNILOCK AUTHORIZED CONTRACTOR:

Ashlar Outdoors, LLC

WORKMANSHIP GUARANTEE FROM UNILOCK

In the event that a major structural defect on a residential project per the Peace of Mind Workmanship Guarantee terms is discovered within the Authorized Contractor's own warranty period, the Unilock® Authorized Contractor is responsible for the cost of rectifying the defect. Unilock Authorized Contractors who fail or refuse to correct defective workmanship within their own warranty period will have their Authorized status revoked.

If a Unilock Authorized Contractor refuses or does not fulfill their own warranty obligations, the Peace of Mind Workmanship Guarantee will cover the cost of labor to repair the issue in the event that a major structural defect arises within two years of the final date of hardscape installation. This coverage applies only to residential projects constructed with 100% Unilock paver and or wall materials.
